Description of Part	Quantity Included in Kit
Steering Wheel Emblem (Aluminum)	1
Steering Wheel Emblem Adhesive Tape	1
3M Adhesion Promoter	1
Steering Wheel Emblem Installation Instructions	1

STEERING WHEEL EMBLEM INSTALLATION PROCEDURE:

Installation Overview

- Clean the Ford steering wheel emblem to remove all adhesive residue
- Install the new Saleen steering wheel emblem

1. If not already removed, peel off the Saleen steering wheel emblem (see Figure 1).

Figure 1

NOTE: When performing the next step, do NOT get the acetone on the steering wheel surface around the emblem.

2. Carefully clean the original emblem with acetone until all adhesive residue is removed (see Figure 2).

Figure 2

NOTE: When performing the next step, do NOT get the adhesion promoter on the steering wheel surface around the emblem.

3. Apply 3M adhesion promoter #06396 to the original emblem (see Figure 3).

Figure 3

4. Apply 3M adhesion promoter #06396 to the back side of the new Saleen steering wheel emblem (see Figure 4).

Figure 4

5. Remove the new emblem adhesive tape from the self-adhesive backing paper (see Figure 5).

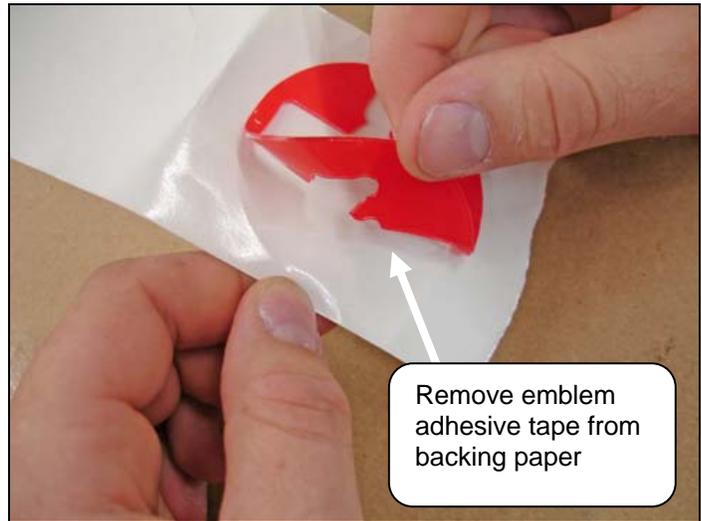

Figure 5

6. Install the new emblem adhesive tape (see Figure 6) onto the original emblem, making sure:

- the tape is correctly positioned
- you firmly press down (or use a small roller) to fully seat the tape on the face of the original emblem
- there are no bubbles under the tape

Figure 6

7. Peel off the red protective cover from the adhesive tape (see Figure 7).

Figure 7

8. Install the new Saleen emblem (see Figure 8), making sure:
- the thicker lines on the emblem are positioned on the left
 - the emblem is level (straight) with the steering wheel cross bar
 - the emblem is fully seated (pressed down)
9. Remove the clear plastic protective film from the face of the new emblem.
